Notice of Network Change –**Ft. Pierce LATA** Tandem  
Phase 3  
Carrier  
BellSouth Telecommunications, Inc.  
675 West Peachtree Street NE  
Atlanta, Georgia 30375

Date Changes are to Occur: Saturday, November 16, 2002 at 12:01AM Eastern Standard Time

Location of Changes: Ft. Pierce and West Palm Beach, Florida

Description of Change Planned: BellSouth is planning to re-home (move) two end offices from the WPBHFLGR02T Access Tandem in West Palm Beach, FL. to the new FTPRFLMA07T Access Tandem in Ft. Pierce, FL. Interoffice message and toll traffic for the end offices affected will re-home from the WPBHFLGR02T Access Tandem to the FTPRFLMA07T Access Tandem. The point code is 252-046-073. The following end offices will be impacted by the re-home:

<u>End Office</u>	<u>New Access Tandem</u>	<u>NPA-NXX Codes</u>
VRBHFLMADSO	FTPRFLMA07T	561-231, 234, 270,299,492,562,563,564,567,569, <b>770, 778, 794, 978</b>
HBSDFLMADSO	FTPRFLMA07T	<b>561-545, 546</b>

Description of Reasonably Foreseeable Impact of the Planned Change: It will be necessary for carriers to update their network switch translations as appropriate.

To prevent blocking of traffic to and from the end offices after the re-home, interconnecting carriers will need to issue Access Service Requests (ASR) to order trunks to the new access tandem. ASRs need to be submitted no later than six weeks prior to the re-home date. The following project names should be listed, as appropriate, on the ASRs: "FTPR07T-3" for T1s and "FTPRTRK-3 for Trunks

As of November 16, 2002, BellSouth will begin to block terminating and originating toll calls at the WPBHFLGR02T Access Tandem for the above end offices. The FTPRFLMA07T Access Tandem will begin to complete terminating and originating toll calls for the above end offices at that time. If an interconnecting carrier does not establish trunks to FTPRFLMA07T, toll calls will not be terminated to the carrier.
